**ERM-EF001 (Biodiesel)**

**DECLARATION OF CONFORMITY AND ORIGIN**

**To whom it may concern:**

- The material used for the production of the certified reference material ERM-EF001 is biodiesel based on rapeseed oil fatty acid methylester with the addition of 1 g/kg butylhydroxytoluene (antioxidant).
- The material was provided by ADM Research GmbH, c/o ADM Hamburg AG-Werk Noblée & Thörl, Seehafenstrasse 24, 21079 Hamburg, Germany.
- The material was further processed at IRMM: flushed with argon and filled in amber glass vials. For more details please consult the corresponding certification report or contact IRMM.
- The material has not been exposed to or inoculated with any livestock or poultry disease agent exotic to the EU or the USA.
- The material did not originate from a facility where work with exotic disease agents affecting livestock or avian species is conducted.
- The material is not an antisera.
